

# St Osmund's Lunchtime Charter

We have the right to good food in a clean environment

We agree to eat politely and clean up after ourselves

That includes sitting down at a table when eating, keeping the noise level reasonable, and making sure that we throw rubbish in the bin

We have a right to be included.

We agree to let other people join in.

This means that we should treat each other as we would like to be treated, and sort out our differences together or with the help of a Buddy or other friend.

We have a right to feel safe at breaktimes

We agree to make sure others feel safe

Therefore we will follow the agreements about where and how to play football, keep to the right areas and make sure that we look after equipment. We will also do our best to make sure that no one gets hurt.
