

## Introduction

This Textiles unit will teach your class about how to write their own customer Profile.

They will design products with the user in mind thinking about aesthetics and function.

Annotated designs will be used to communicate ideas as well as step by step plans. Students will learn how to make fabric and experiment with a variety of fabric decoration techniques. Students will sew a pencil case with a zip, using their own fabric that they have created. Finally students will learn how to write a detailed evaluation.

Can you list the equipment you will need?

## Keywords:

- |                        |                 |
|------------------------|-----------------|
| Heat Press             | Poly-cotton     |
| Natural                | Zip             |
| Decoration             | Stitch          |
| Tacking                | Thread          |
| Fabric Transfer Paints |                 |
| Sublimation Printing   | Design          |
| Scissors               | Template        |
| Reverse                | Measuring       |
| Product Analysis       |                 |
| Colour                 | Fit for Purpose |
| Structure              | Needle          |
| Decoration             | Fastening       |

# 'Nature Pencil Case'
